Mr. Piyush Somani
Founder, CMD & Chief Executive Officer
ESDS Software Solution Ltd.

A born leader and a gifted strategist, Mr. Piyush Somani defines what ESDS stands for through his exceptional ability to build and grow a business and nurture-long term relationships. Piyush founded ESDS Software Solution when he was just 23 years old but since then he has successfully expanded ESDS Group to 19 nations across APAC, Europe, Middle East, Americas, and Africa.

Piyush has always focused on innovating technologies like cloud hosting platform, datacenter management system, core banking solutions and Pay-Per-Consume billing system to provide great experience and satisfaction to customers.

Piyush has administered various departments in ESDS right from Tech Support, Marketing, Sales & finance, which has elevated and transformed him into a great technology leader. Under Piyush's leadership, ESDS has touched great heights, won laurels, expanded its product portfolio and caters to some of the best Enterprises, Banks and Government Institutions in the World. With a strong workforce of over 1000 employees across domestic and international offices, Piyush ensures to personally connect with each employee because he believes in creating and nurturing professional relationships more than anything.

Today ESDS is a leader in offering cloud solutions and advanced technologies purely because of Piyush' forward thinking mentality and a big heart.
